Project CATCH:

Community Action Targeting Children who are Homeless

Our Mission: to equip families experiencing homelessness in Lee County with resources and services designed to nurture the healthy growth & development of their children. We give them resources for food and clothing and connect them to needed medical, educational and mental health services.

Once we receive a referral a Project CATCH case manager will contact you within 24-48 hours to assess needs and set up an initial meeting to schedule to find out the needs of you and your children.

Services include:

- We assess children using Psychosocial, Socio-emotional, & Developmental screenings to make appropriate referrals
- School transportation
- Connect you with housing or shelter
- Educational assistance: Tutoring, Special Education, advocating for educational services within school system, afterschool program
- Referrals to specialized service providers regarding mental, physical, & emotional health
- Help with Child Care
- Assistance with basic needs: food, clothing, diapers, household items, etc.
- After School Care & Summer Camps

We serve families who are currently:

- Living in shelters
- Staying in hotels
- Temporarily staying with relatives or friends
- Living in vehicles
- Living on the streets
